Supervision of Spiritual Direction 2008-2009 Academic Year

Join a supervision group, and find kindred spirits who wish to support and encourage each other in our work!

Kairos offers **supervision for spiritual directors in a small group setting**. Groups meet for about half a day, and include group prayer, professional enrichment, and facilitated supervision. Groups may also include peer supervision if desired.

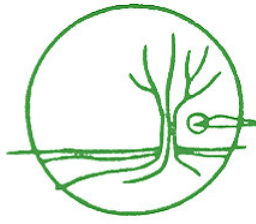

Professional enrichment has been a valued part of Kairos supervision groups. At each meeting, input and discussion explore some aspect of spiritual direction, spiritual formation, or personal spiritual growth.

Supervision happens in a small group setting and is facilitated by a trained supervisor. Other group members may participate. This format allows group members to be enriched by one another's presentations as well as their own. Peer supervision gives additional hands-on practice. Group members are invited to offer a situation for supervision four or five times during the year.

Attending to our own spiritual nurture is the most important way we nurture our ministry of encouraging the spiritual growth of others. Kairos supervision encourages personal spiritual nurture through group support and sharing, input that invites deepening spiritual practice, and additional opportunities for personal reflection and retreat.

See next page for group options!
